It should be remembered that it is always the League Administration that has the last word, and that decisions that are not specifically supported, or detailed in this Rulebook, or even go against this Rulebook may be taken in extreme cases, to preserve fair play and sportsmanship.

We hope that you as a participant, spectator, or press will have an enjoyable competition to partake in and we will do our utmost to make it a fair, fun, and exciting competition for everyone involved.

1.6 Punishments

1.6.1 Definitions and Scope of Punishments

Punishments are given for rule violations within the Rainbow Six Pro League. They may be either warnings, minor or major penalty points, monetary fines, default losses, player/team barrages or disqualification, dependent on the incident in question and often combinations of two or more of those. Participants will be informed about the punishment by mail and will be given a time until which they can appeal the decision. Only the team representative are eligible to make appeals.

1.6.1.2 Warnings

Official warnings are given for first time minor incidents such as not uploading required match media, being late, delaying a broadcast, insufficient match statements, insufficient information on a team account or other related material, and so on. Any repeated offense of the same kind will lead to more severe punishments.

1.6.1.1 Minor Penalty Points

Minor penalty points are given for minor incidents such as not uploading required match media, being late, delaying a broadcast, insufficient match statements, insufficient information on a team account or other related material, and so on. Every minor penalty point deducts one percent of the overall prize money received by the team or player in the competition it is given.

1.6.1.2 Major Penalty Points

Major penalty points are given for major incidents such as deliberately deceiving tournament administration, failing to show up for matches, repeated rule breaking, and so on. Every major penalty point deducts ten percent of the overall prize money for that competition.

1.6.1.3 Monetary Fines

Monetary fines are given for failure to fulfill obligations that are not directly related to the tournament, like press/media appointments, interviews, or planned sessions for fan interaction.
1.6.1.4 Bans/Barrages
Bans or barrages are given for very severe incidents like ringing or use of an unallowed player. They can be awarded either to a player or an organization.

1.6.1.5 Disqualification
A disqualification will happen in the most severe cases of rule violations. The disqualified participant forfeits all prize money accumulated for the competition in question and gets banned at least until the end of season. Disqualification does not grant players the free agent status.

1.6.1.6 Additional Methods of Punishment
In special cases, the tournament administration can define and come up with other methods of punishment.

1.6.2 Combination of Punishments
The listed methods of punishment are not mutually exclusive and may be given in combination as seen fit by the tournament administration.

1.6.3 Punishments for Repeat Offences
All punishments outlined in this rulebook are applicable for first-time offences. Repeat offences will usually be punished more severely than listed in the appropriate section of these rules, in proportion to the punishment listed there.

1.6.4 Punishments, League Bans and Penalty Points Outside the Rainbow Six Pro League
League bans and penalty points outside the Rainbow Six Pro League do normally not apply towards the Rainbow Six Pro League except when the punishment has been awarded for cheating. Some other misbehaviours like ringing/faking or insults can also be punished, depending on the severity.

1.7 Live Matches
The term “Live Matches” refers to matches that take place in a public location, during events, matches in a studio, or matches broadcast by ESL TV or an official partner.
2 General

2.1 Rule Changes
ESL reserves the right to amend, remove, or otherwise change the rules, without further notice. ESL also reserves the right to make a judgment on cases not specifically covered by or that go against the rulebook in order to preserve the spirit of fair competition and sportsmanship.

2.2 Validity of the Rules
If a provision of this rulebook is or becomes illegal, invalid or unenforceable in any jurisdiction, that shall not affect the validity or enforceability in that jurisdiction of any other provision of this rulebook or the validity or enforceability in other jurisdictions of that or any other provision of this rulebook.

2.2.1 Local Laws
If any rules or procedures are in conflict with local laws, they will be adjusted to be aligned with the laws in a way to stay as close as possible to the originally intended effect.

2.3 Confidentiality
The content of protests, support tickets, emails, discussions or any other correspondence with tournament officials and tournament administration are deemed strictly confidential. The publication of such material is prohibited without a written consent from the Rainbow Six Pro League administration.

2.4 Additional Agreements
The Rainbow Six Pro League administration is not responsible for any additional agreements, nor do they agree to enforce any such agreements made between individual players or teams. The Rainbow Six Pro League administration highly discourages such agreements taking place, and any agreements that go against the Rainbow Six Pro League rulebook are under no circumstances allowed.

2.5 Match Broadcasting

2.5.1 Rights
All broadcasting rights of Rainbow Six Pro League are owned by the Turtle Entertainment GmbH. This includes but is not limited to: IRC bots, shoutcast streams, video streams, GOTV, replays, demos or TV broadcasts.
2.5.2 Waiving These Rights
Turtle Entertainment GmbH has the right to award broadcasting rights for one or multiple matches to a third party or the participants themselves. In such cases, the broadcasts must have been arranged with the tournament administration before the start of the match.

2.5.3 Player Responsibility
Players cannot refuse to have their matches broadcasted, nor can they choose in what manner the match will be broadcasted. The broadcast can only be rejected by an admin. The player agrees to make sufficient accommodation so that broadcasting of matches can take place.

2.6 Communication

2.6.1 E-Mail
The main official communication method of the Rainbow Six Pro League is email. The email used will be the one provided by the participants at the start of a season, and therefore this email address should always be kept updated and checked regularly so that no important announcements from the league are missed.

2.6.2 Discord
Discord is used as a second form of communication during playdays and offline events. Official communication will still always be sent via email.

2.6.3 Match Protests
Problems that affect the match outcome should be discussed in the match protest.

2.7 Sponsor Restrictions

2.7.1 Mature Content
Sponsors or partners that are solely or widely known for pornographic, drug use or other adult/mature themes and products are not allowed in connection to Rainbow Six Pro League.

2.8 Conditions of Participation in the Rainbow Six Pro League
The following conditions must be met in order to participate in the Rainbow Six Pro League.

2.8.1 Age Restriction
All participants of the Rainbow Six Pro League have to be over 18 years of age.
2.8.2 Regional Limitations for Participants
Any team or player may not try to qualify for the same event from more than one country or region.

2.8.3 Home Country/Region
Participants may only play in the region they belong in. A player’s home country is the country where his main place of residence is (proven by legal registration or long term visa in connection with evidence of long time habitation - 90-day visas are not enough) or the country he holds a valid passport from. The home region is the region that this country belongs to.

2.8.3.1 Coaches
Coaches are an exception to the above rule, as they may be part of teams from another region. In this case, they cannot play in any matches.

2.8.4 Physical location during online matches
Online matches have to be played from the region a player belongs to. An exception to this rule is only possible by written consent from ESL. It can only be granted if the participant can explain and prove having a valid reason to play from elsewhere, and if his ping is below 150ms.

2.9 Player Details
When requested, players are required to provide all the needed information including but not limited to full name, contact details, date of birth, address, photo and photo of passport.

2.9.1 Game Accounts
Every playing member must have their game accounts entered in their ESL profile and must provide it to the tournament administration at the start of each season.

2.9.2 Ingame nickname
Players must use appropriate ingame nicknames that match their online nicknames. These nicknames should match what is provided in the lineup.

2.10 Teams
Slots in the Rainbow Six Pro League are considered owned by the majority of the players in each team.
Each team must select a team representative. The team representative must be a main player or a coach.
The team representative must choose the official point of contact for the team. The official point of contact can request the prize money, submit a protest, add or remove players, etc.
Tournament administration prohibits any element of joint “ownership” of two or more teams by any person or corporate entity. For these purposes ownership means holding or controlling more than 5% or meaningful control of the equity in the team org.

This rule applies not only to Pro League but all leagues and qualifiers that qualify teams to Pro League.

2.10.1 Changing the team representative

A team representative may be changed at any moment by:
- Request from the current team representative
- Request from the majority of the main players and coach in the team
  - In teams without coaches, 3 out of 5 main players
  - In teams with coaches, 4 out of 6 players

2.10.2 Standards

When requested, teams are required to send us all needed information including but not limited to logo, social media accounts and any other requested information.

A Rainbow Six Pro League team must abide by certain standards of quality. The following information must be provided at the start of the season:
- Relevant team name
- Team logo, in vector format, both dark and light versions
- Team representative contact and backup representative
- Organization contact

Additionally, a Rainbow Six Pro League team must also have an ESL team account only used for the Rainbow Six Pro League, and no other tournament. This team account should have no history before entering the Rainbow Six Pro League for the first time. If a team is taking part in the Rainbow Six Pro League for a second or additional time, the team account has to be used again. A Rainbow Six Pro League team account must have the following information entered:
- Team Logo, relevant to the team
- One Team Captain (the team representative)

2.10.3 Team Names

The Rainbow Six Pro League team name may not have any extensions such as “R6 team”. It may only consist of the team name and/or a potential name sponsor. To prevent confusion, only names that are not already being used by another team in the same discipline are allowed. Sponsor names may appear on more than one team as long as the main part of the team name differs.

2.10.4 Changes in Teams

All changes must be requested 24 hours before the start of the next playday in which the team is participating in.
Any changes in the team account should be approved by the tournament administration before the changes are allowed to take place. This includes but is not limited to:

- Adding or removing players (roster changes)
- Changing the team name
- Changing the team logo

Any changes done without approval of the tournament administration may be revoked, not shown on the broadcast, and subject to fines or penalties. Approval may only be granted via email or ESL Play support ticket. Unlocking a team account on ESL Play is not a sign of approval.

### 2.10.5 Roster changes

#### 2.10.5.1 Formal Requirements

Before a player can be officially added to the roster, the administrators of the Rainbow Six Pro League must be formally informed via an ESL Play support ticket. This information should contain:

- Nickname
- ESL Play account link
- Gameaccount
- Full Name

Failure to notify the Rainbow Six Pro League Administration with the necessary information before adding the player may be penalized with up to two (2) minor penalty points. After a player is added to the team, the player or team representative also needs to fill in the Form provided at the start of the season that holds all the vital information about the players.

#### 2.10.5.2 Player Addition Deadline

During the season, a player needs to be added to the roster at the latest 24 hours before a match is scheduled to start.

#### 2.10.5.3 Number of changes

Adding players to the team outside of the transfer window is limited to two additions per season.

#### 2.10.5.4 Free Agent

Player is considered a free agent if he didn’t participate in any Pro League match in the current half-season and in the last finished half-season period or Challenger League matches of current season

#### 2.10.5.5 Transfer Window

Transfers between Pro League teams or between Pro and Challenger League teams can only be done during the Transfer Window. Teams can make maximum 2 changes during the transfer window. New submitted roster must meet the 50% criteria from the rulebook. Transfer of a player which will result in a team losing the Pro League spot, is not allowed.

- Pro League player can join another Pro League team only during the transfer window.
► Pro League player that leaves Pro League team, can join Challenger team even outside of transfer window.
► Challenger League player cannot join Pro League team outside of transfer window.
► Challenger League player can join another CL team even outside of transfer window.
► Outside of transfer window, PL teams can pick up a free agent. (limited to 2 per team per season)
► Pro League Player that participates in Challenger League Qualifiers, cannot play Pro League matches in current season.

2.10.5.6 Role Lock
Participants of a team cannot change their role in the team outside of the transfer window.
If a coach is removed from a team’s lineup, that team cannot add another coach until the next transfer window.

2.10.6 Team composition

2.10.6.1 At the start of the season
Teams which have been invited to the Rainbow Six Pro League due to their final placement in the qualifier event or the previous season have to consist of at least five main players, up to two substitute players and up to one coach. At least three of the main players have to be members of the team that is invited to the Pro League and need to have played in at least 50% of the Matches of the qualifier or previous season. If two teams qualify for the same spot, the Team with the highest sum of matches across their Players will be invited.
In case of a tie between two teams, the spot will be granted to one with more main players at the end of a season.
If a player leaves a team, all the matches played by that player before leaving will not be considered in this calculation.

2.10.6.2 During the season
Three of the five main players need to be members of the team till the end of the season to be allowed to play during that season.
If at any point this restriction is not fulfilled, the team will lose it’s slot in the Rainbow Six Pro League.

2.10.7 Match lineup
The team’s lineup for every match should have at least three main players as well, and exactly 5 players. For the first half of the season, at least three of the players in the lineup must have been members of the team that was invited to the Pro League and need to have played in at least 50% of the Matches of the qualifier or previous half-season. For 2nd half of a season, at least three of the players in the lineup must have been members of the roster that was submitted at the begining of the season and need to have played in at least 50% of the Matches in 1st half of the season.
The team will not be allowed to play if this restriction is not met. Lineup changes can be made at any point of the match if there is a proper reason (i.e. connection problems). The delay caused must not exceed 5 minutes and excessive changes/abuse of this rule are forbidden.

2.10.8 Insufficient players

If a team for any reason does not have the sufficient number of players to participate in a Rainbow Six Pro League match, the team will be awarded a loss with the worst possible result. Therefore it is suggested that every Rainbow Six Pro League team has substitutes added in the roster to compensate for any player losses during the season.

2.10.9 Multiple Contracts

For a participant in the Rainbow Six Pro League to have a contract or agreement with 2 or more Rainbow Six Pro League teams is strictly forbidden, may it be written or oral. If such a contract or agreement is found to be in existence, ESL reserves the right to bar the player from playing any more matches until the situation has been resolved. If the situation can not be resolved, the Rainbow Six Pro League have the right to remove the player or team(s) in question.

2.10.10 Pro League players in other Rainbow Six tournaments

Pro League players may only represent their Pro League team in:
- Pro League
- Majors
- Minors

2.11 Cheating

2.11.1 Cheat Software

The use of the following programs is considered cheating: Multihacks, Wallhack, Aimbot, Colored Models, No- Recoil, No-Flash and Sound changes. These are only examples, other programs or methods may be considered cheats as well. Players are also not allowed to run the following programs: Teamviewer (or any other similar screen sharing program), or Virtual Machines of any kind including but not limited to Hyper-V, VM Ware, or VirtualBox. If these programs are detected during a match, the guilty player will be barred from league play for a certain number of games decided on by the tournament administration team.

2.11.2 Information Abuse

Communication during the match with people not involved in the match is strictly forbidden, the same is true for using information about your game from other external sources (e.g. streams).
2.11.3 Methods to Detect Cheating
ESL reserves the right to use different methods to inspect participants and their equipment, with or without prior information. One of these is the use of metal detectors on participants entering the stage. Participants are not allowed to refuse these inspections.

2.12 Anti-Cheat

2.12.1 ESL Anticheat
ESL Anticheat is mandatory for all players to use for the full duration of all matches played on the ESL Play website. If a player cannot use ESL Anticheat then they may not be allowed to take part in a match. At offline events, this rule will usually not be applied.

2.12.2 MOnitor System Status (MOSS)
Moss Anticheat is mandatory for all players to use for the full duration of all matches without exception. If a player cannot use MOntor System Status (MOSS) then they may not be allowed to take part in a match. At offline events, this rule will usually not be applied.

2.13 Prize Money
All prize money should ideally be paid out 30 days after the Rainbow Six Pro League season in question has been completed, but it may take as long as 90 days for the payment to be completed. If a team does not request the prize money payment within the presented deadline, their payment will be delayed.
Prize money requests must be submitted by team representative by ESL.Play Prize Money support ticket (https://play.eslgaming.com/prizemoney).

Japanese teams are only eligible for prize payouts if they hold a license issued by their respective governments. If team is not holding such licence, it will not receive prize money and it will be redistributed to other teams (just like prize money).

2.13.1 Prize Deductions Due to Penalty Points
Every penalty point that a participant acquires during a season is penalized with a prize money deduction. The deductions are as follows:
- For every minor penalty point a 1% overall prize money deduction will occur.
- For every major penalty point a 10% overall prize money deduction will occur.
The deduction is calculated out of the grand total of prize money awarded to the participant at the end of the last part of the competition in question, including both online and offline won prizes, but excluding the part that is meant to compensate for travel expenses. The deducted prize money will be proportionally added upon the other teams, thus no prize money gets lost through penalty points.
It should be noted that a team that received extremely high prize money deduction in total over several of the tournament stages may be disqualified.

2.13.2 Prize Deductions Due to Monetary Fines
Monetary fines are not redistributed to the other participants but just removed from the winnings of the team in question.

2.13.3 Withdrawal of Prize Money
Prize money must be requested by the official point of contact for a team. As long as the prize money for the Rainbow Six Pro League has not been paid out, ESL reserves the right to cancel any pending payment if any evidence of fraud or foul play have been discovered.

2.13.4 Transfer of Prize Money
The prize money will be sent as a bank transfer or PayPal as specified by the team representative. Failure to provide sufficient information for the payments to be complete will result in payments not being made. If a participant has not collected their winnings within one year of the initial payment date the prizes are forfeited. The full amount of prize money will be sent to one recipient only.

2.14 Leaving the Rainbow Six Pro League
2.14.1 Leaving During the Season
If a team leaves the Rainbow Six Pro League during a season, the team forfeits all prize money accumulated for the season. Prize money of such team will be redistributed between other Pro League teams.

2.14.2 Deletion of Matches
All matches involving teams or players that have left the Rainbow Six Pro League before the end of the season will be deleted. If a team will leave the Rainbow Six Pro League after playing at least 7 Playdays, the results from the 1st half of the season will remain intact. At offline events this rule is limited to the time availability of the tournament.

2.14.3 Replacement teams
If a participant for any reason leaves the Rainbow Six Pro League, a replacement will be called up. If this happens before the replacement deadline, the replacement will inherit any financial benefits like paid flights and hotels from the dropped participant. Usually groups or brackets will not be reseeded if they were already publicly announced before the drop-out happened. In
special cases, when the fairness of the competition is in jeopardy, the administration can still change or even re-draw the tournament. Replacement participants will be considered and contacted to ask whether or not they want to participate.

2.14.3.1 Replacement Tiebreaker
If participants have an identical score/position on/in the relevant invite list or qualifier, the one that has had the smallest change in lineup since then will be preferred. If that leaves several options, the tournament administration will make a choice based on other results or, if the schedule permits, additional matches.

2.14.3.2 Replacement Deadline
The deadline for replacing a team in the group stage is the end of the week where the first playday of that region is occurring. For Season Finals, replacement teams must be chosen up to one week before the scheduled arrival date for the team in question.

2.15 Match Start

2.15.1 Punctuality
All matches in the Rainbow Six Pro League should start as stated in the official communication or as soon as the previous match is over. Any changes in the starting time must be approved by the tournament administration. All participants should be ready 60 minutes before the scheduled time for each match. In offline events, we expect every player to be at the tournament area as stated in the tournament directions info mails to set up, prepare and solve any technical problems that might occur. If you notice at any point you will be late for any match, please inform a tournament official as soon as possible! Any delays caused by showing up late may lead to penalty points which means a prize money deduction for you / your team.

2.15.3 Delaying the match
Penalties for delaying a match will be awarded if a participant is more than 10 minutes late.

2.15.2 Participants Not Showing
If a participant is not ready to play until 25 minutes after the scheduled start of the match, it is considered a no show. In that case, the participant will be penalized and lose the match with the worst score possible.

- Consulate
2.17 Match Procedures

2.17.1 Lineup
Teams have to submit their lineup (list of players for each match) for offline and online events before the deadline given by the tournament administration. In online matches, this deadline is usually 2 hours before each match.

2.17.2 Determining the “better seed”
Unless the team with the better seed is obvious from the tournament progression, a coinflip will be used to determine the better seed. The team with the better seed will choose which team starts the veto.

2.17.3 Map veto process
The map veto must be started one hour prior to the match starting time, or as soon as the teams for that match are determined (whichever is later).
Each Team has 3 Minutes per step, during that time they are allowed to speak and talk about the next pick or ban.
Maps are played in the order they are picked. Sides in the last map (except in Best of 1) are chosen by the team with the best round difference in the previous maps. In case of a same round difference, coinflip will determine which team decide starting side. The team that does not decide the starting side decides the starting side on overtime.

2.17.3.1 Best of 1 (Pro League online matches)
After each playday, team will receive map pools for next match. Map pools will contain 5/7 map. 2 excluded maps will be one that were played by teams on previous playday (if both teams played the same map, the 2nd excluded will be random).

2.17.5 Leaving the Lobby
All matches must be played to the end, failure to do so will be penalized. A match is considered complete when the final scoreboard is shown on screen.
2.17.6 Match Result
The result must be immediately added and confirmed by both parties on ESL Play, even if more match records are missing and in need of uploads. A protest may still be made even after a match result has been confirmed and accepted on the ESL website. Please refer to the game specific rules for what match records and media that needs to be uploaded.

2.17.7 Storage and keeping of Match Media
All match media (screenshots / demo’s / replays / etc.) must be stored by the participants for a minimum of 2 weeks after the match has ended. If there is a protest on the match, the records needs to be stored by the participants for a minimum of 2 weeks after the protest has been closed and resolved.

2.18 Match Protests

2.18.1 Definition
A protest is for problems that affect the match outcome; a protest may even be filed during a match for things like incorrect server settings and other related issues. A protest is the official communication between the parties and a tournament administration.

2.18.2 Match Protest Rules

2.18.2.1 Deadline for Match Protests
The latest time that participants are allowed to issue a match protest is the earliest of the three following:
- 72 hours after the scheduled starting time of the match
- The beginning of the next match for either of the two participants (a minimum of 10 minutes have to be kept between two matches by all participants)
- Only at offline events: The end of the event day (departure of the admins)

2.18.2.2 Contents of a Match Protest
The protest must contain detailed info about why the protest was filed, how the discrepancy came to be and when the discrepancy occurred. A protest may be declined if proper documentation is not presented. A simple „they are cheaters” will not do.

2.18.2.3 People in a Match Protest
In team matches, only one representative per team is supposed to be writing in the protest.

2.18.2.4 Behaviour in Match Protests
Insults and flaming are strictly prohibited in a protest, and may result in penalty points or the protest being ruled against the insulting party.
2.19 Results in Rematch
If the rules stipulate that a rematch is to be played, the victim of the incident is to decide whether or not this rematch is actually to be played. If the victim of the offence decides that a rematch is to be played, then the old result is null and void, and only the new result will count in the rankings.

2.20 Tournament administration
The instructions of tournament administration should always be obeyed and followed. Failure to do so may result in penalty points being awarded.

2.21 Reschedules
Reschedules are, in general, not allowed. In case of extenuating circumstances, the tournament administration may force a reschedule and decide on the terms of it.

2.22 Interviews
For every game, one player from each team must be available for an interview. The team has to provide contact information for an interview in that case. The player should also be available for a comment after the match.
For online matches of Pro League, post match interviews will be done with winning team. In case of a tie, both teams participating in match will be part of post match interview.

2.23 Photo and Other Media Rights
By participating, all players and other team members grant ESL the right to use any photographic, audio or video material on their website or for any other promotional purpose. Additionally, each player has to sign two copies of a release form that he will receive beforehand for reading and have to sign before he starts his first match.

3 Tournament progression

3.1 Group stage
8 teams in each region (EU, NA and LATAM) play in a double round robin format, over 14 playdays. Matches are played in best of 1 format.

1st place team from each region will get seed 1, 2nd place team will get seed 2.

Seed 1 teams will play vs seed 2 teams in the quarterfinals, with an advantage of deciding who starts map veto.

Seeding in semi finals and grandfinal will be done by coinflip.

Most events will have a mandatory media day, where participants will be photographed, filmed and interviewed by the ESL crew for the event presentation. The participants will receive a media schedule beforehand to be informed about the nature, duration and schedule of any activities of this kind that take more than 5 minutes.

5.4 Use of Bugs and Glitches

It is up to the tournament administration discretion whether or not the use of said bugs had an effect on the match, and whether or not he will award rounds, or the match to the opposing team, or to force a rematch. In extreme cases, the penalty for abusing bugs may be even higher.

5.4.1 List of bugs or glitches

Below is a list of known intended and unintended game mechanics. Any situations that arise and are not specified below will be dealt with on a case by case basis. In general, common sense will be applied.

The tournament directions reserves the right, also retroactively, to add more bugs to the list of explicitly allowed bugs.

### 5.4.2 New Positions

If any player or team wants to use a new position which is not commonly known, it’s strongly recommended to contact tournament officials to check if that position is allowed before using it in any official match. Players and teams have to consider that it takes time to check new positions and therefore they have to contact tournament officials in a reasonable timeframe before an official match.

### 5.4.3 Spawn Killing

The spawn killing which results in a kill of an attacker during first 2 seconds of action phase is not allowed.

Doing so will result in round loss for defending team.

### 5.5. Rehost requests

Rehost rules are specified below, including the conditions in which they will be allowed:

- Any issue before the preparation phase starts (game, software or hardware related)
- Player can't move (unless it's done on purpose) - rehost in the first 30 seconds of the action phase, if no players have taken damage
- Game mechanic not working as intended (shooting, reloading, moving, gadgets, equipment, etc) - rehost up to the first 30 seconds of the action phase, no damage taken by anyone
- Disconnect/hardware problem/software problem - rehost in the first 15 seconds of the preparation phase. On offline events, this timing is for the full duration of the preparation phase.
- Observer issue - rehost up to the first 30 seconds of the action phase, no damage taken by anyone
Each team can receive up to 1 rehost per map maximum.

5.5.1 Rehost request procedure
In case the above conditions are met, players should instantly request a rehost by writing in the ingame chat “rehost”, followed by the reason. Players should continue playing until the rehost is confirmed by an admin. Once confirmed, everyone should instantly leave the game.

5.5.2 Continuing a Disrupted Game
If a match is interrupted then it should be continued where it left off, by re-host. If a round is to be replayed due to a rehost, players must choose the same operators, same sixth pick, same starting sites, same bombsites, same equipment and same gadgets.

5.5.3 Player Disconnect after rehost time
If player will disconnect after match time specified in 5.5 Rehost requests, the round will continue. If player wont reconnect till end of a round, lobby will be remade. This redo of the lobby does not count as rehost that is requested by team.

6 ESIC, Rule Violations and Punishments
All penalties are at the discretion of the tournament administration, and may be more or less severe than what is specified in this rulebook depending on the circumstances.

6.1 ESIC
ESL and its tournaments are part of ESIC, the Esports Integrity Coalition. That means that all rules and regulations of ESIC apply to all ESL tournaments, including the Rainbow Six Pro League. You can look them up on their website at http://www.esportsintegrity.com/.

6.2 Prize Deductions Due to Penalty Points
Every penalty point that a participant acquires during a season is penalized with a prize money deduction. The deductions are as follows:

- For every major penalty point a 10% overall prize money deduction will occur.

6.2.1 Maximum amount of penalty points
Any participant that accumulates 30% prize money penalty during a season will be disqualified. The disqualified participant forfeits all prize money accumulated for the competition in question and gets banned at least until the end of that season.
6.3 First-time and repeat offences

All punishments listed below are meant for first-time offences. Repeat offenders (both the specific player and - in team competitions - his team) will be punished proportionally harder.

6.4 Duration of punishments

Unless otherwise specified, punishments usually last one season.

6.5 Code of Conduct

All Rainbow Six Pro League participants agree to behave in an appropriate and respectful manner towards other participants, spectators, the press, Ubisoft, ESL and more. Any sort of harassment should be reported to the tournament administration immediately. Harassment includes but is not limited to offensive statements or actions related to gender, gender identity and expression, age, sexual orientation, disability, physical appearance, body size, race, religion. Also considered harassment are things like sexual images in public spaces, deliberate intimidation, stalking, following, harassing photography or recording, sustained disruption of talks or other events, inappropriate physical contact and unwelcome sexual attention.
