1.6 Punishments

1.6.1 Definitions and Scope of Punishments

Punishments are given for rule violations within the Rainbow Six Pro League. They may be either warnings, minor or major penalty points, monetary fines, default losses, player/team barrages or disqualification, dependent on the incident in question and often combinations of two or more of those. Participants will be informed about the punishment by mail and will be

given a time until which they can appeal the decision. Only the team representatives are eligible to make appeals.

1.6.1.1 Warnings

Official warnings are given for first time minor incidents such as not uploading required match media, being late, delaying a broadcast, insufficient match statements, insufficient information on a team account or other related material, and so on. Any repeated offenses of the same kind will lead to more severe punishments.

1.6.1.2 Minor Penalty Points

Minor penalty points are given for minor incidents such as not uploading required match media, being late, delaying a broadcast, insufficient match statements, insufficient information on a team account or other related material, and so on. Every minor penalty point deducts one percent of the overall prize money received by the team or player in the competition it is given.

1.6.1.3 Major Penalty Points

Major penalty points are given for major incidents such as deliberately deceiving tournament administration, failing to show up for matches, repeated rule breaking, and so on. Every major penalty point deducts ten percent of the overall prize money for that competition.

1.6.1.4 Monetary Fines

Monetary fines are given for failure to fulfill obligations that are not directly related to the tournament, like press/media appointments, interviews, or planned sessions for fan interaction.

1.6.1.5 Bans/Barrages

Bans or barrages are given for very severe incidents like ringing or use of an unallowed player. They can be awarded either to a player or an organization.

1.6.1.6 Disqualification

A disqualification will happen in the most severe cases of rule violations. The disqualified participant forfeits all prize money accumulated for the competition in question and gets banned at least until the end of season

Disqualification does not grant players the free agent status

1.6.1.7 Additional Methods of Punishment

In special cases, the tournament administration can define and come up with other methods of punishment.

1.6.2 Combination of Punishments

The listed methods of punishment are not mutually exclusive and may be given in combination as seen fit by the tournament administration.

1.6.3 Punishments for Repeat Offences

All punishments outlined in this rulebook are applicable for first-time offences. Repeat offences will usually be punished more severely than listed in the appropriate section of these rules, in proportion to the punishment listed there.

1.6.4 Punishments, League Bans and Penalty Points Outside the Rainbow Six Pro League

League bans and penalty points outside the Rainbow Six Pro League do normally not apply towards the Rainbow Six Pro League except when the punishment has been awarded for cheating. Some other misbehaviours like ringing/faking or insults can also be punished, depending on the severity.

1.7 Live Matches

The term “Live Matches” refers to matches that take place in a public location, during events, matches in a studio, or matches broadcast by ESL TV or an official partner.

2 General

2.1 Rule Changes

ESL reserves the right to amend, remove, or otherwise change the rules, without further notice. ESL also reserves the right to make a judgment on cases not specifically covered by or that go against the rulebook in order to preserve the spirit of fair competition and sportsmanship.

2.2 Validity of the Rules

If a provision of this rulebook is or becomes illegal, invalid or unenforceable in any jurisdiction, that shall not affect the validity or enforceability in that jurisdiction of any other provision of this rulebook or the validity or enforceability in other jurisdictions of that or any other provision of this rulebook.

2.2.1 Local Laws

If any rules or procedures are in conflict with local laws, they will be adjusted to be aligned with the laws in a way to stay as close as possible to the originally intended effect.

2.3 Confidentiality

The content of protests, support tickets, emails, discussions or any other correspondence with tournament officials and tournament administration are deemed strictly confidential. The publication of such material is prohibited without a written consent from the Rainbow Six Pro League administration.

2.4 Additional Agreements

The Rainbow Six Pro League administration is not responsible for any additional agreements, nor do they agree to enforce any such agreements made between individual players or teams. The Rainbow Six Pro League administration highly discourages such agreements taking place, and any agreements that go against the Rainbow Six Pro League rulebook are under no circumstances allowed.

2.5 Match Broadcasting

2.5.1 Rights

All broadcasting rights of Rainbow Six Pro League are owned by the Turtle Entertainment GmbH. This includes but is not limited to: IRC bots, shoutcast streams, video streams, GOTV, replays, demos or TV broadcasts.

2.5.2 Waiving These Rights

Turtle Entertainment GmbH has the right to award broadcasting rights for one or multiple matches to a third party or the participants themselves. In such cases, the broadcasts must have been arranged with the tournament administration before the start of the match.

2.5.3 Player Responsibility

Players cannot refuse to have their matches broadcasted, nor can they choose in what manner the match will be broadcasted. The broadcast can only be rejected by an admin. The player agrees to make sufficient accommodation so that broadcasting of matches can take place.

2.6 Communication

2.6.1 E-Mail

The main official communication method of the Rainbow Six Pro League is email. The email used will be the one provided by the participants at the start of a season, and therefore this

email address should always be kept updated and checked regularly so that no important announcements from the league are missed.

2.6.2 Discord

Discord is used as a second form of communication during playdays and offline events. Official communication will still always be sent via email.

2.6.3 Match Protests

Problems that affect the match outcome should be discussed in the match protest.

2.7 Sponsor Restrictions

2.7.1 Mature Content

Sponsors or partners that are solely or widely known for pornographic, drug use or other adult/mature themes and products are not allowed in connection to Rainbow Six Pro League.

2.8 Conditions of Participation in the Rainbow Six Pro League

The following conditions must be met in order to participate in the Rainbow Six Pro League.

2.8.1 Age Restriction

All participants of the Rainbow Six Pro League have to be over 18 years of age.

2.8.2 Regional Limitations for Participants

Any team or player may not try to qualify for the same event from more than one country or region.

2.8.3 Home Country/Region

Participants may only play in the region they belong in. A player's home country is the country where his main place of residence is (proven by legal registration or long term visa in connection with evidence of long time habitation - 90-day visas are not enough) or the country he holds a valid passport from. The home region is the region that this country belongs to.

2.8.3.1 Coaches

Coaches are an exception to the above rule, as they may be part of teams from another region. In this case, they cannot play in any matches.

2.8.4 Physical location during online matches

Online matches have to be played from the region a player belongs to. An exception to this rule is only possible by written consent from ESL. It can only be granted if the participant can explain and prove having a valid reason to play from elsewhere, and if his ping is below 130ms.

2.9 Player Details

When requested, players are required to provide all the needed information including but not limited to full name, contact details, date of birth, address, photo and photo of passport.

2.9.1 Game Accounts

Every playing member must have their game accounts entered in their ESL profile and must provide it to the tournament administration at the start of each season.

Each player has to use the game account he provided.

2.9.2 Ingame nickname

Players must use appropriate ingame nicknames that match their online nicknames. These nicknames should match what is provided in the lineup.

2.10 Licenses in the Rainbow Six Pro League

2.10.1 Definition

Before each season, ESL awards the Rainbow Six Pro League license to the participating teams, or individuals. In most cases, these are participants that:

- have automatically qualified by their position in the standings of the previous season of Rainbow Six Pro League
- have qualified through the Relegations of the previous season of Rainbow Six Pro League

2.10.2 Duration

Rainbow Six Pro League licenses are valid for one season only.

2.10.3 Team license

The license in Rainbow Six Pro League will be awarded to a legal entity (registered association/organization, Ltd company, and so on). In order to be approved as a license holder, the legal entity needs to prove that their value is higher than the maximum prize money that can be won by the team during the year (non-financial values can contribute to that

requirement). A legal entity is only allowed to hold one license in the same competition. No other legal entity controlled by the same person/people is allowed to hold another license. If there is no such entity existent for the team in question or if the existing entity has never been reported to and accepted by the Rainbow Six Pro League League Administration, a license may be awarded to the actual team, where the team representative will be designated contact person for this team. This person will be responsible for keeping the team in order, and holding the Rainbow Six Pro League team account on ESL. The license holder or representative is responsible for all actions and commitments of the team. Any changes in the team license must be reported to and accepted by the Rainbow Six Pro League administration before it can be followed through. Failure to report any changes in the license, or omitting any needed information about the team may be punished with penalty points or other sanctions. The license holder is the entity that decides about the recipient of the prize money won under its license.

2.10.3.1 Multiple Teams

An organisation and its legal entity can only acquire one license per tournament (including its qualifiers) Therefore it is not allowed for a team to participate in the Rainbow Six Pro League or qualifier to it if...

a) Another team of the same organization has been invited or qualified to the Rainbow Six Pro League.

b) Another team of the same organization has been invited or qualified to the Challenger League.

Any violation will result in severe punishment for the organisation.

The tournament administration prohibits any element of joint “ownership” of two or more teams by any person or corporate entity. For these purposes ownership means holding or controlling more than 5% or meaningful control of the equity in the team org.

2.10.4 Changing the Team license Holder

A license-holder can request a transfer of the Rainbow Six Pro League license to another entity during a season, if there is an adequate reason for doing so. It is at the Rainbow Six Pro League administrators’ discretion whether or not the reason is deemed adequate.

If a legal entity holding a license requests the transfer of the license to another legal entity, the license at first is transferred to the team. After that, the team can transfer the License to another legal entity that fulfills the rulebook criteria.

2.10.5 Withdrawal of license

ESL reserves the right to withdraw the Rainbow Six Pro League license from any participant(s), if the league administration feels that the participant(s) in question have not behaved within the guidelines set out by the Rainbow Six Pro League, and its governing organization.

2.10.6 Review of license

If a license holder's roster is not eligible to play due to not fulfilling the Team Composition rules, ESL can review the license and possibly withdraw it.

2.11 Teams

Slots in the Rainbow Six Pro League are considered owned by the license holders

The license holder must select a team representative who can request the prize money, submit a protest, add or remove players, etc.

This rule applies not only to Pro League but all leagues and qualifiers that qualify teams to Pro League.

2.11.1 Changing the team representative

A team representative may be changed at any moment by the license holder.

For a team in which the license holder is not a legal entity, the team representative can be changed by a request from the majority of the team.

2.11.2 Standards

When requested, teams are required to send us all needed information including but not limited to logo, social media accounts and any other requested information.

A Rainbow Six Pro League team must abide by certain standards of quality. The following information must be provided at the start of the season:

- Relevant team name
- Team logo, in vector format, both dark and light versions
- Team representative contact and backup representative
- Organization contact

Additionally, a Rainbow Six Pro League team must also have an ESL team account only used for the Rainbow Six Pro League, and no other tournament. This team account should have no history before entering the Rainbow Six Pro League for the first time. If a team is taking part in the Rainbow Six Pro League for a second or additional time, the team account has to be used again. A Rainbow Six Pro League team account must have the following information entered:

- Team Logo, relevant to the team
- One Team Captain

2.11.3 Team Names

The Rainbow Six Pro League team name may not have any extensions such as "R6 team". It may only consist of the team name and/or a potential name sponsor. To prevent confusion, only names that are not already being used by another team in the same discipline are

allowed. Sponsor names may appear on more than one team as long as the main part of the team name differs.

2.11.4 Team composition

Teams which have been invited to the Rainbow Six Pro League due to their final placement in the qualifier event or the previous season have to consist of at least five players and up to seven players, and up to one coach.

At any point in the season and for each match, a team must have 5 players that hold more than 50% of the accumulated games of either the previous half season of the Rainbow Six Pro League or, if the team did not participate in the previous half season, the tournament through which they qualified to the Rainbow Six Pro League.

Example 1: In the previous half season, 7 games have been played by each Team. Each game had 5 players participating, so the total participation [player*game] is 35. To continue to hold its Rainbow Six Pro League license, a Team must have players on their roster that have cumulatively played in at least 18 of those games. 3 players on the team participated in 7 games, so the team continues to hold its license.

Example 2: To qualify to the Rainbow Six Pro League, a team participated in 10 games in Challenger League. Each game had 5 players participating, so the total participation [player*game] is 50. To continue to hold its Rainbow Six Pro League license, a team must have players on their roster that have cumulatively played in at least 26 of those games.

2 players participated in 9 games, and the remaining 5 players participated in 2 games each. The maximum amount of cumulative games for 5 players is 24 [9+9+2+2+2], which is not enough to continue to hold the license.

2.11.4.1 Team Hopping

Team Hopping occurs when a player, who is part of Team A, transfers to Team B, and then transfers back to the first team.

For the purpose of calculating the team composition, all the matches previously played by the player before the transfer are not taken into account. The reason for the Transfer is not taken into consideration for the purpose of this rule.

2.11.5 Changes in Teams

All changes must be requested 24 hours before the start of the next playday in which the team is participating in.

Any changes in the team account should be approved by the tournament administration before the changes are allowed to take place. This includes but is not limited to:

- Adding or removing players (roster changes)
- Changing the team name
- Changing the team logo

Any changes done without approval of the tournament administration may be revoked, not shown on the broadcast, and subject to fines or penalties.

Approval may only be granted via email or ESL Play support ticket. Unlocking a team account on ESL Play is not a sign of approval.

2.11.6 Roster changes

2.11.6.1 Formal Requirements

Before a player can be officially added to the roster, the administrators of the Rainbow Six Pro League must be formally informed via an ESL Play support ticket. This information should contain:

- Nickname
- ESL Play account link
- Gameaccount
- Full Name

Failure to notify the Rainbow Six Pro League Administration with the necessary information before adding the player may be penalized with up to two (2) minor penalty points. After a player is added to the team, the player or team representative also needs to fill in the Form provided at the start of the season that holds all the vital information about the players.

2.11.6.2 Player Addition Deadline

During the season, a player needs to be added to the roster at the latest 24 hours before a match is scheduled to start.

2.11.6.3 Number of changes

Adding players to the team outside of the transfer window is limited to two additions per season.

2.11.6.4 Free Agent

A Player is considered a free agent if he didn't participate in:

- Any Pro League match in the current half-season and in the last finished half-season period

or:

- Any Challenger League matches of the current season

2.11.6.5 Transfer Rules

A license holder is only allowed to directly approach a Player or Coach of another team to discuss employment, a transfer to another Rainbow Six Pro League team, or a contract buyout only if the license holder of the current team of the Player or Coach in question is notified and has no objections.

Any Player or Coach that is not a license holder is not allowed to directly approach another license holder to discuss employment, a transfer to another Rainbow Six Pro League team, or a contract buyout.

All discussions and negotiations pertaining to the transfer of Player or Coach of a Rainbow Six Pro League team must be conducted first between license holders.

Once negotiations between the license holders have concluded, Ubisoft and ESL must be informed of the transfer by both organizations. A transfer is only confirmed once the license holder receives ESL's official confirmation.

2.11.6.5.1 Transfer Window

Transfers between Pro League teams can only be done during the Transfer Window. Teams can make a maximum of 2 changes during the transfer window. The new roster must meet the Team composition rule.

A transfer of a player which results in a team losing the Pro League spot is not allowed.

- A Pro League player can only join another Pro League team during the transfer window.
- A Pro League player that leaves a Pro League team can join a Challenger League team outside of the transfer window.
- A Challenger League player cannot join a Pro League team outside of the transfer window.
- A Challenger League player can join another Challenger League team outside of the transfer window.
- Outside of the transfer window, Pro League teams can pick up free agents, limited to 2 per team per season.
- Any Pro League Player that participates in Challenger League Qualifiers cannot play in any Pro League matches in the current season.

2.11.6.7 Role Lock

Participants of a team cannot change their role in the team outside of the transfer window.

If a coach is removed from a team's lineup, he cannot join another Pro League team until the next transfer window.

2.11.8 Match lineup

The lineup for each match must always fulfill the criteria of the Team Composition rule.

Lineup changes can be made at any point of the match if there is a proper reason (i.e. connection problems). The delay caused must not exceed 5 minutes and excessive changes/abuse of this rule are forbidden.

2.11.9 Insufficient players

If a team for any reason does not have the sufficient number of players to participate in a Rainbow Six Pro League match, the team will be awarded a loss with the worst possible result.

Therefore it is suggested that every Rainbow Six Pro League team has substitutes added in the roster to compensate for any player losses during the season.

2.11.10 Multiple Contracts

For a participant in the Rainbow Six Pro League to have a contract or agreement with 2 or more Rainbow Six Pro League teams or teams of any other tournament that qualifies to the Pro League is strictly forbidden, may it be written or oral. If such a contract or agreement is found to be in existence, ESL reserves the right to bar the player from playing any more matches until the situation has been resolved. If the situation can not be resolved, the Rainbow Six Pro League have the right to remove the player or team(s) in question.

2.11.11 Pro League players in other Rainbow Six tournaments

Pro League players may only represent their Pro League team in following tournaments and their qualifiers:

- Pro League
- Majors
- Minors

2.12.1 Cheat Software

The use of the following programs is considered cheating: Multihacks, Wallhack, Aimbot, Colored Models, No- Recoil, No-Flash and Sound changes. These are only examples, other programs or methods may be considered cheats as well.

Players are also not allowed to run the following programs: Teamviewer (or any other similar screen sharing program), or Virtual Machines of any kind including but not limited to Hyper-V, VM Ware, or VirtualBox. If these programs are detected during a match, the team will be penalized and the guilty player might be barred from league play for a certain number of games decided on by the tournament administration team.

2.12.2 Information Abuse

Communication during the match with people not involved in the match is strictly forbidden, the same is true for using information about your game from other external sources (e.g. streams).

2.12.3 Methods to Detect Cheating

ESL reserves the right to use different methods to inspect participants and their equipment, with or without prior information. One of these is the use of metal detectors on participants entering the stage. Participants are not allowed to refuse these inspections.

2.13 Anti-Cheat

2.13.1 ESL Anticheat

ESL Anticheat is mandatory for all players to use for the full duration of all matches played on the ESL Play website. If a player cannot use ESL Anticheat then they may not be allowed to take part in a match. At offline events, this rule will usually not be applied.

2.13.2 MOnitor System Status (MOSS)

Moss Anticheat is mandatory for all players to use for the full duration of all matches without exception. If a player cannot use MOnitor System Status (MOSS) then they may not be allowed to take part in a match. At offline events, this rule will usually not be applied.

2.14 Prize Money

All prize money should ideally be paid out 30 days after the Rainbow Six Pro League season in question has been completed, but it may take as long as 90 days for the payment to be completed. If a team does not request the prize money payment within the presented deadline, their payment will be delayed.

Requesting prize money will be done via ESL portal.

Team representative needs to create an account with the same email as he provided on official Pro League season form in order to be able to request prize money.

Link to submitting the request: <https://eslportal.atlassian.net/servicedesk/customer/portal/10>

Japanese teams are only eligible for prize payouts if they hold a license issued by their respective governments. If team is not holding such license, it will not receive prize money and it will be redistributed to other teams (just like prize money).

2.14.1 Prize Deductions Due to Penalty Points

Every penalty point that a participant acquires during a season is penalized with a prize money deduction. The deductions are as follows:

- For every minor penalty point a 1% overall prize money deduction will occur.
- For every major penalty point a 10% overall prize money deduction will occur.

The deduction is calculated out of the grand total of prize money awarded to the participant at the end of the last part of the competition in question, including both online and offline won prizes, but excluding the part that is meant to compensate for travel expenses. The deducted prize-money will be proportionally added upon the other teams, thus no prize money gets lost through penalty points.

It should be noted that a team that received extremely high prize money deduction in total over several of the tournament stages may be disqualified.

2.14.2 Prize Deductions Due to Monetary Fines

Monetary fines are not redistributed to the other participants but just removed from the winnings of the team in question.

2.14.3 Withdrawal of Prize Money

Prize money must be requested by the official point of contact for a team.

As long as the prize money for the Rainbow Six Pro League has not been paid out, ESL reserves the right to cancel any pending payment if any evidence of fraud or foul play have been discovered.

2.14.4 Transfer of Prize Money

The prize money will be sent as a bank transfer or PayPal as specified by the team representative. Failure to provide sufficient information for the payments to be complete will result in payments not being made. If a participant has not collected their winnings within one year of the initial payment date the prizes are forfeited. The full amount of prize money will be sent to one recipient only.

2.15 Leaving the Rainbow Six Pro League

2.15.1 Leaving During the Season

If a team leaves the Rainbow Six Pro League during a season, the team forfeits all prize money accumulated for the season.

The prize money of the team will be redistributed between other Pro League teams.

2.15.2 Deletion of Matches

All matches involving teams or players that have left the Rainbow Six Pro League before the end of the season will be deleted.

If a team leaves the Rainbow Six Pro League after playing at least 7 Playdays, the results from the 1st half of the season will remain intact.

At offline events this rule is limited to the time availability of the tournament.

2.15.3 Replacement teams

If a participant for any reason leaves the Rainbow Six Pro League, a replacement will be called up. If this happens before the replacement deadline, the replacement will inherit any financial benefits like paid flights and hotels from the dropped participant. Usually groups or brackets will not be reseeded if they were already publicly announced before the drop-out happened. In

special cases, when the fairness of the competition is in jeopardy, the administration can still change or even re-draw the tournament.

Replacement participants will be considered and contacted to ask whether or not they want to participate.

2.15.3.1 Replacement Tiebreaker

If participants have an identical score/position on/in the relevant invite list or qualifier, the one that has had the smallest change in lineup since then will be preferred.

If that leaves several options, the tournament administration will make a choice based on other results or, if the schedule permits, additional matches.

2.15.3.2 Replacement Deadline

The deadline for replacing a team in the group stage is the end of the week where the first playday of that region is occurring.

For Season Finals, replacement teams must be chosen up to one week before the scheduled arrival date for the team in question.

2.16 Match Start

2.16.1 Punctuality

All matches in the Rainbow Six Pro League should start as stated in the official communication or as soon as the previous match is over. Any changes in the starting time must be approved by the tournament administration.

All participants should be ready for 60 minutes before the scheduled time for each match.

In offline events, we expect every player to be at the tournament area as stated in the tournament directions info mails to set up, prepare and solve any technical problems that might occur.

If you notice at any point you will be late for any match, please inform a tournament official as soon as possible! Any delays caused by showing up late may lead to penalty points which means a prize money deduction for you / your team.

2.16.3 Delaying the match

Penalties for delaying a match will be awarded if a participant is more than 10 minutes late.

2.16.2 Participants Not Showing

If a participant is not ready to play until 25 minutes after the scheduled start of the match, it is considered a no show. In that case, the participant will be penalized and lose the match with the worst score possible.

2.18.2 Determining the “better seed”

Unless the team with the better seed is obvious from the tournament progression, a coinflip will be used to determine the better seed. The team with the better seed will choose which team starts the veto.

2.18.3 Map veto process

The map veto must be started one hour prior to the match starting time, or as soon as the teams for that match are determined (whichever is later).

Each Team has 3 Minutes per step, during that time they are allowed to speak and talk about the next pick or ban.

Maps are played in the order they are picked.

Sides in the last map (except in Best of 1) are chosen by the team with the best round difference in the previous maps. In case of a same round difference, coinflip will determine which team decides the starting side. The team that does not decide the starting side decides the starting side on overtime.

2.18.5 Leaving the Lobby

All matches must be played to the end, failure to do so will be penalized. A match is considered complete when the final scoreboard is shown on screen.

2.18.6 Match Result

The result must be immediately added and confirmed by both parties on ESL Play, even if more match records are missing and in need of uploads. A protest may still be made even after a match result has been confirmed and accepted on the ESL website. Please refer to the game specific rules for what match records and media that needs to be uploaded.

2.18.7 Storage and keeping of Match Media

All match media (screenshots / demo's / replays / etc.) must be stored by the participants for a minimum of 2 weeks after the match has ended. If there is a protest on the match, the records needs to be stored by the participants for a minimum of 2 weeks after the protest has been closed and resolved.

2.19 Match Protests

2.19.1 Definition

A protest is for problems that affect the match outcome; a protest may even be filed during a match for things like incorrect server settings and other related issues. A protest is the official communication between the parties and a tournament administration.

2.19.2 Match Protest Rules

2.19.2.1 Deadline for Match Protests

The latest time that participants are allowed to issue a match protest is the earliest of the three following:

- 72 hours after the scheduled starting time of the match
- The beginning of the next match for either of the two participants (a minimum of 10 minutes have to be kept between two matches by all participants)
- Only at offline events: The end of the event day (departure of the admins)

2.19.2.2 Contents of a Match Protest

The protest must contain detailed info about why the protest was filed, how the discrepancy came to be and when the discrepancy occurred. A protest may be declined if proper documentation is not presented. A simple „they are cheaters“ will not do.

2.19.2.3 People in a Match Protest

In team matches, only one representative per team is supposed to be writing in the protest.

2.19.2.4 Behaviour in Match Protests

Insults and flaming are strictly prohibited in a protest, and may result in penalty points or the protest being ruled against the insulting party.

2.20 Results in Rematch

If the rules stipulate that a rematch is to be played, the victim of the incident is to decide whether or not this rematch is actually to be played. If the victim of the offence decides that a rematch is to be played, then the old result is null and void, and only the new result will count in the rankings.

2.21 Tournament administration

The instructions of tournament administration should always be obeyed and followed. Failure to do so may result in penalty points being awarded.

2.22 Reschedules

Reschedules are, in general, not allowed. In case of extenuating circumstances, the tournament administration may force a reschedule and decide on the terms of it.

2.23 Interviews

For every game, one player from each team must be available for an interview. The team has to provide contact information for an interview in that case. The player should also be available for a comment after the match.

For online matches of Pro League, post match interviews will be done with winning team. In case of a tie, both teams participating in match will be part of post match interview.

2.24 Photo and Other Media Rights

By participating, all players and other team members grant ESL the right to use any photographic, audio or video material on their website or for any other promotional purpose. Additionally, each player has to sign two copies of a release form that he will receive beforehand for reading and have to sign before he starts his first match.

Seeding in the semi finals and grand final is decided by a coinflip.

Most events will have a mandatory media day, where participants will be photographed, filmed and interviewed by the ESL crew for the event presentation. The participants will receive a media schedule beforehand to be informed about the nature, duration and schedule of any activities of this kind that take more than 5 minutes.
