Teams are given 48 hours to respond to the allegations and provide any counter-evidence. After taking into consideration any statements and counter-evidence supplied by the team, the tournament administration will make a ruling and apply the relevant punishment, if necessary.

If you have not received a response within twenty four (24) hours, please ensure you have tagged the relevant department or individual. If you contact a member of staff outside of the designated Discord channels, your query or request may not be received. Please do not rely on direct messages.

It is mandatory for at least three (3) active players and one (1) staff member (where applicable) to be present in the ESL Premiership Discord throughout the active season.

### 2.6.2 Email

Email is used as a secondary form of communication during the ESL Premiership. An email will be used to communicate important information such as match schedules, and will mostly be used outside of the active season for the sake of expediency.

Sponsors or partners that are widely known for pornography, drug use or any other adult/mature themes and products are not allowed in connection with the ESL Premiership.

## 2.8 Conditions of Participation in the ESL Premiership

### 2.8.1 Age Restriction

**No player shall be considered eligible to participate in any ESL Premiership CS:GO Competition before their 16th birthday, defined as having lived 16 full years.** If a player is due to turn 16 during the season, they may be classed as a substitute but cannot play until the day they reach the required age.

### 2.8.2 Regional Limitations

All participants must reside within Europe. Coaches and other organisational staff can be from outside Europe but will not be supported by ESL when travelling to ESL Premiership events.

### 2.8.3 Physical Location During Online Matches

Online matches must be played from the country each participant resides. An exception to this rule may be granted by the Tournament Manager if the participant has a valid reason to play from another country. Ping from the prospective country will be taken into account when granting the exception.

### 2.8.4 Residency Requirement

All rosters must consist of three (3) players residing within and playing from the United Kingdom or Ireland. Failure to fulfil this requirement will make the roster ineligible to participate.

## 2.9 Player Details

Players are required to provide all necessary information including, but not limited to:

Email, Photo ID, Team Name, Position, Nickname, First & Last Name, Date of Birth, Nationality, Country of Residence, Twitter Handle, Discord ID, ESEA ID, HLTV Profile URL and steamID64

### 2.9.1 Game Accounts

Every playing participant must have their Steam account linked to their ESEA profile and must provide it to the tournament officials at the start of each season.

## 2.10 Teams

Slots in the ESL Premiership are owned by the players in each team that played in at least 50% of the games in either the previous season or the relegation/qualification tournament.

### 2.10.1 Standards

When requested, teams are required to send us all needed information including, but not limited to logos, and social media accounts. An ESL Premiership team must abide by certain standards of quality.

The following information must be provided at the start of the season:

- Relevant team name
- Team logo, in vector format, both dark and light versions (where applicable)
  - If not vector format is available, a transparent PNG file 1000x1000px is required as a minimum

ESL Gaming UK Ltd are not obliged to use any branding or graphics provided by a team if they do not meet the required standards.

### 2.10.2 Team Names

The ESL Premiership team name must not have any extensions such as “CS team”. It must only consist of the team name and/or a potential name sponsor. To prevent confusion, only names that are not already being used by another team in the same discipline are allowed. Sponsor names may appear on more than one team as long as the main part of the team name differs.

A team's name must not conflict with publisher or ESL sponsor rules. Teams will be contacted with a request of name change if a conflict exists.

### 2.10.3 Changes in Team Appearances

All changes must be requested forty-eight (48) hours before the start of the next playday in which the team is participating in. Any changes in the team account should be approved by the tournament officials before the changes are allowed to take place. This includes but is not limited to:

- Adding or removing players
- Changing the team name
- Changing the team logo

Any changes completed without approval of the tournament officials will be revoked, not shown on broadcast and subject to penalties. Approval may only be granted by the Tournament Manager and must be granted via Discord. If approval is given by anyone else, the Tournament Manager has the right to revert this change.

## 2.10.5 Player Transfer

When any player is added to a team in the ESL Premiership, this is considered a transfer. If a player from an existing ESL Premiership team moves to a different team in the ESL Premiership, this is classed as a transfer for the team that received the player. The only time a move is not classed as a transfer is when a player moves roles within the team.

A player leaving a roster will not grant a team a transfer to replace the player. Substitutes are highly recommended in case a team is out of transfers.

### 2.10.5.1 Formal Requirements

Before a player can be officially added to the roster, the tournament officials of the ESL Premiership must be formally notified via Email. The required information is all information required for the team sheet which was completed at the start of the season. Seek assistance from tournament officials if you're unsure what should be included.

Failure to notify the ESL Premiership tournament officials with the necessary information before adding the player may be penalised with up to two (2) penalty points. After a player is added to the team, the player needs to fill in the GDPR form that was provided at the start of the season. When the information has been given to the tournament officials, this will go through rigorous background checks to ensure the eligibility of the new addition.

### 2.10.5.2 Player Addition Deadline

During the season, all transfers must be completed forty-eight (48) hours prior to the next tournament game for the player(s) to be eligible to play the following game day. Within forty-eight (48) hours of the tournament game, any transfers wanting to be made will result in five (5) penalty points. No transfers can be made after 17:57 on game day.

### 2.10.5.3 Number of Transfers

Teams are only able to make **two (2) transfers per season** to their roster, this can occur at any point during the season but has to abide by point 2.10.5.2. Once the online portion of the regular season is over all teams are awarded one (1) extra transfer.

When making changes, three (3) **starters must remain on the roster to be an eligible roster.**

#### 2.10.5.4 Extra Transfers

If a team used up all possible transfers and would still like to make additions to the team ten (10) penalty points will be given per player addition.

#### 2.10.5.5 Additional Transfers

If a player is made ineligible by ESL a free additional transfer may be given to a team. This would only be under extreme conditions and it is at the discretion of ESL whether a free transfer will be given.

#### 2.10.5.6 End of Season Transfers

Once the Playoffs have been completed, all teams involved in the Offline Final and Relegation will be awarded one (1) transfer to make.

### 2.10.6 Team Composition

#### 2.10.6.1 Start of the Season

Teams which have been invited to the ESL Premiership due to their final placement in the qualifier event or the previous season have to consist of at least five (5) main players, and up to five (5) substitute players. At least three (3) of the main players need to have played in at least fifty percent (50%) of the matches of the qualifier or previous season.

Alternatively, the team must have at least two (2) of the players to have played in at least fifty percent (50%) of the matches of the qualifier or previous season and are contracted to a team organisation.

If two (2) teams qualify for the same spot, the team with the highest sum of matches across their players will be invited. In case of a tie between two teams, the spot will be granted to one with more insuffmain players at the end of a season. If a player leaves a team, all the matches played by that player before leaving will not be considered into this calculation.

##### 2.10.6.1.1 Replacement Teams

If a team does not accept their invitation to the next season, a replacement team will be called upon. Depending on the time frame that this team is required to join the league, roster requirements may not be enforced upon that team. If the replacement team isn't able to adhere to the rules completely then they may be given less severe penalty points, but still be able to play in the league.

#### 2.10.6.2 During the Season

Three (3) of the five (5) main players need to be members of the team until the end of the season to be allowed to play during that season. If at any point this requirement is not fulfilled, the team may lose its slot in the ESL Premiership.

#### 2.10.6.3 Late Roster Submission

The final date to submit the start of season roster is **23:59 on Sunday 16th October, 2022**. Any changes made to your team sheet after this cut-off point will be considered mid-season requests and may be allowed/denied based on the Rulebook. Failure to submit before **23:59 on Sunday 16th October, 2022** may result in a disqualification and a replacement team will be found.

## 2.10.7 Match Lineup

The team's lineup for every match must consist of a minimum of three (3) starters and a maximum of (2) substitutes, and exactly five (5) players. Additionally, each lineup must consist of a minimum of three (3) players that reside within the United Kingdom and/or Ireland.

Failure to comply with this rule will result in the team being unable to field a valid roster and would forfeit any matches on that given day.

## 2.10.8 Insufficient Players

If a team for any reason does not have a sufficient number of players to participate in the ESL Premiership match, the team will be awarded a loss with the worst possible result. It is therefore suggested that every ESL Premiership team has substitutes added to the roster to compensate for any player losses during the season. We also recommend registering the Coach as a substitute, they will be unable to play unless they are registered on the roster as a substitute.

## 2.10.9 Multiple Contracts

For a player in the ESL Premiership to have a contract or agreement with 2 or more ESL Premiership teams is strictly forbidden, may it be written or oral. If such a contract or agreement is found to be in existence, ESL reserves the right to bar the player from playing any more matches until the situation has been resolved. If the situation can not be resolved, the ESL Premiership has the right to remove the player or team(s) in question.

## 2.10.10 Representing Organisations

A team which represents an organisation will be able to change which organisation they represent once during the season. If a team does not want to represent the organisation anymore but does not have one to represent they will be considered ex-'Organisation' but this is not considered as an organisation change limit. If a team does not have an organisation to represent from the beginning of the season they are allowed to change names to represent an organisation up to twice during the season.

# 2.11 Cheating

## 2.11.1 Cheat Software

The use of the following programs is considered cheating: Multihacks, Wallhacks, Aimbots, Coloured Models, No-Recoil, No-Flash and Sound changes. These are only examples, other programs or methods may be considered cheats as well.

Players are not allowed to run the following programs: Teamviewer (or any other similar screen sharing program), or Virtual Machines of any kind including but not limited to Hyper-V, VMWare, or VirtualBox. If these programs are detected during a match, the guilty player will be barred from the league for a period defined by the tournament officials.

## 2.11.2 Information Abuse

Communication during the match with people not involved in the match is strictly forbidden, the same is true for using information about your game from other external sources (e.g. streams).

## 2.11.3 Methods of Detecting Cheats

ESL reserves the right to use different methods to inspect participants and their equipment, with or without prior information. One of these is the use of metal detectors on participants entering the stage. Participants are not allowed to refuse these inspections.

## 2.12 Anti-Cheat

### 2.12.1 ESEA

The ESEA client is mandatory for all players to use for the full duration of all matches without exception, as is a premium ESEA subscription. If a player cannot use the ESEA client then they will not be allowed to take part in the match. Players are required to have ESEA Premium in order to play in the Premiership. At offline events, this rule is usually not applied.

## 2.13 Prize Money

All prize money will be paid out within ninety (90) days after the end of the ESL Premiership season. If a team does not request the prize money payment within six (6) months after the conclusion of the tournament, ESL reserves the right to refuse payment. The total prize pool amount is £15,000.

- 1st £5500
- 2nd £2600
- 3rd/4th £1200
- 5/6th £1000
- 7/8th £600
- 9th/10th £400
- 11th/12th £250

### 2.13.1 Prize Deductions Due to Penalty Points

Every penalty point that a participant acquires during a season is penalised with a prize money deduction. The deductions are as follows:

- For every penalty point, a 1% overall prize money deduction will occur.

The deduction is calculated out of the grand total of prize money awarded to the team at the end of the last stage of the tournament. The deducted prize money will be proportionally added upon the other teams, thus no prize money gets lost through penalty points. It should be noted that a team that received extremely high prize money deductions in total over several tournament stages may be disqualified.

## 2.13.2 Prize Deductions Due to Monetary Fines

Monetary fines (penalty points) are removed from the winnings of the team in question and distributed to all over teams.

## 2.13.3 Withdrawal of Prize Money

Prize money must be requested by the official point of contact for the team. As long as the prize money for the ESL Premiership has not been paid out, ESL reserves the right to cancel any pending payment if any evidence of fraud or foul play has been discovered.

## 2.13.4 Transfer of Prize Money

The prize money will be sent as a bank transfer. Failure to provide sufficient information for the payments to be completed will result in payments not being made and being delayed significantly. The full amount of prize money will be sent to one recipient only. ESL is not responsible for the agreements between teams on the distribution of prize money.

# 2.14 Leaving the ESL Premiership

## 2.14.1 Leaving During the Season

If a team leaves the ESL Premiership during a season, the team forfeits all prize money accumulated for the season.

## 2.14.2 Replacement Teams

If a participant for any reason leaves the ESL Premiership, a replacement will not be introduced. All matches, past and future, that the leaving team would have played/had played will be given as a default win - with the best possible score - to their opponent.

# 2.15 Match Start

## 2.15.1 Punctuality

All matches in the ESL Premiership should start as stated by the tournament officials. Any changes in the start time must be approved by the tournament officials and if ESL mandates a change in start times, participants will be informed as soon as possible.

All participants should be ready sixty (60) minutes before the scheduled time for each match. At offline events, we expect every player to be at the tournament area as stated in the Tournament Manager's information email to set-up, prepare and solve any technical problems that might occur.

If teams know that they are going to be late for a match, they should inform the ESL Tournament Manager as soon as possible. Any delays caused by showing up late will lead to penalty points (see clauses 2.15.3 and 2.15.4).

## 2.15.2 Starting the Match

A match can only be started with strict permission from a tournament official. Starting a game without the permission from a tournament official will result in both teams receiving two (2) penalty points.

## 2.15.3 Delaying the Match

For delays with players being ready at the start of a match, or between maps or breaks, players will be punished. At fifteen (15) minutes after the scheduled game start time, ten (10) penalty points will be awarded.

## 2.15.4 No-Show

If a participant is not ready to play by ten (10) minutes after the fifteen (15) minute mark mentioned in rule 2.15.3, it is considered a no-show. In that case, the team will be penalised and lose the match with the worst score possible. The team will also be given five (5) penalty points, in addition to the points gained due to 2.15.3.

If the no-show was made aware to the Tournament Manager at least 72 hours prior to the scheduled game time then teams will be given five (5) penalty points and the match will have defaulted.

## 2.15.5 Technical Issues

If a technical issue arises during a live match, the team will be given ten (10) minutes to attempt to fix or find an alternative option. After ten (10) minutes the team will forfeit the map losing

### 2.15.5.1 Mid Game Substitute

If a map has started and a technical issue arises, a substitute will be allowed to replace any member of the team. However, should the original member of the team have fixed their issue, they will not be able to substitute back into the game.

When using a substitute mid-game, this must be with any member of the team that is already registered as part of the team prior to the game taking place.

### 2.15.5.1 Four vs. Five

Alternatively, should a team not have any available substitutes, they will be able to complete the map with 1 less player (4v5). The game will not be allowed to continue with any less than 4 players on each team.

- Lineups can be sent at any point during the week, but not after the deadline.

If a submission is late, teams will be penalised with two (2) penalty points. If no submission is made, at least one hour before a team's match, the team will be penalised with five (5) penalty points, total.

If there is a discrepancy between the submitted roster and the roster that is available to play then this will be treated as though no roster was submitted and result in ten (10) penalty points being given to the offending team. In the event of an emergency, teams are allowed to change their submitted game day lineup, on one (1) occasion, after the deadline without any penalties, at the discretion of the tournament official.

### 2.17.2 Map Veto Process

Veto rooms will be made on the Discord, at least 2 days prior to the match day. Vetoes are to be completed by rule 6.13.1.

### 2.18 Tournament Officials

The instructions of the tournament officials should always be obeyed and followed. Failure to do so may result in penalty points being given. In extreme cases, failure to follow the decision and orders of the officials can result in disqualification. It depends on the tournament officials' discretion as to what punishments are given.

### 2.19 Reschedules

Rescheduling games by day is not allowed in any circumstances. Rescheduling games with enough prior warning is possible by time. If you wish to reschedule your game you must contact the ESL Tournament Manager via your team Discord channel a minimum of two (2) weeks prior to your scheduled game day. All parties will have 72 hours from the request to confirm a reschedule, if no response is received, it will be considered that it is 'OK' to reschedule that game.

ESL may reschedule matches if there is a conflict of interest between tournaments that affect a number of teams within the league, in order for all teams to be able to participate in all leagues. It is requested that if a player is attending an event that may be a conflict for the ESL Premiership, they should contact a member of staff to inform them of the event as soon as they are aware of the situation.

Most events will have a mandatory media day, where participants will be photographed, filmed and interviewed by ESL staff members for the event presentation. In team competitions, players may also be barred from playing for one or more match weeks.

### 6.11.2 Spamming

The excessive posting of senseless, harassing or offensive messages is regarded as spamming in the ESL Premiership. Spamming in the discord server will result in three (3) penalty points being awarded.

#### 6.11.2.1 Spamming Ingame

Three (3) penalty points will be awarded if the chat function in-game is abused towards the goal of annoying the opponent, or to interrupt the flow of the play. All chat functions are there to communicate efficiently with the opponent and the match tournament administration

## 6.13 Punishments in Matches

### 6.13.1 Late Map Veto

Vetoes must start sixty (60) minutes prior to the scheduled match start time. Failing to attend the map veto by forty-five (45) minutes prior to the scheduled match start time will result in the opposing team receiving their map choice. If both teams fail to complete the map veto, a map will be chosen at random by the Tournament Manager.

Any team that is late to the map veto will be penalised with two (2) penalty points.

Any team that does not show up for the map veto will be penalised with five (5) penalty points.

### 6.13.2 Player Punctuality

If any player is late at the start of a map, they will be given two (2) penalty points.

If any player is late for their game by fifteen (15) minutes after the scheduled game start time, they will be penalised with ten (10) penalty points. If any player is still late after an additional ten (10) minutes, they will be given a default loss for the team.

If any team representative doesn't show up for their interview by at least 5 minutes after the request they will be penalised with two (2) penalty points.

### 6.13.3 Leaving the Lobby Early

An official warning will be given to any team that leaves a lobby early. The second time it happens in a season, the team will be punished with one (1) penalty point, with ascending levels of penalty for each further infraction (i.e., two (2) penalty points for the next infraction, three (3) for the one after that, and so on.)

### 6.14.1 Mistreating Equipment

Participants will be punished with five (5) to ten (10) penalty points if they mistreat tournament equipment.

### 6.14.2 Removing Headsets

If a participant removes his headset without admin approval during a map, they will receive an official warning. If it happens again in the same offline event, the team will lose the round and five (5) penalty points will be given.

### 6.14.3 Inappropriate Behaviour on Stage

Inappropriate behaviour on stage (including insults, using information from screens to get an advantage, etc.) will be penalised with five (5) penalty points and a round loss.

### 6.14.5 Sharing Photos Before the Event Starts

## 6.15 Game Punishments

### 6.15.2 Use of Bugs and Glitches

Using a game mechanic from the unallowed list will lead to instant round loss to the team that uses it. If the team breaks this rule again in the same match, they will lose the map and be punished with three (3) to five (5) penalty points.

### 6.15.3 Round Restarts

Giving an invalid reason for a round restart, or leaving the match before having the approval to do so will lead to instant round loss to the team that uses it. If the team breaks this rule again in the same match, they will lose the map and be punished with three (3) to five (5) penalty points.
